

Team meeting notes

- Create 1:1 meeting minutes
- Upload minutes on lairhub
 - Highlights of meetings + action items
 - Add deadlines (like the conference)
- Get recent ARIST VOLUMES - Annual review of information science and technology
- Figure out how to add line breaks in wordpress

Paris's structure:

Working definition

How this happens

When search happens, giving a list of signs/sympoms to measure this implications/remiadations

Methodology of doing a systematic review: PRISMA

- Type of search and then what NP methods are being used to study that kind of search
- Different np methods, pick on NP method and see what diff types of search have been done using that np method

Research in 5 years in

- Dont narrow to a specific np method
- Any np method that have used to study any type of search

Slides:

- Using many to many search method, (many np methods to many search types)
- Prompt engineer carefully through the queries
- Summarize papers by AI and abstract the summaries for the slides
- Can use AI to write summaries and to make ppts
 - Want to include what gaps these paper have filled and now what gaps are there/what direction they want to go to
