

Attendees:

- Paris Wang
- Professor Javed Mostafa

Agenda:

1. Project progress
2. Next steps

Meeting Minutes

- JASIST Journal
 - Guideline for review paper:
<https://asistdl.onlinelibrary.wiley.com/hub/journal/23301643/homepage/forauthors>
 - *The Journal publishes original works of various types, lengths, and scope, as detailed below. Authors should not submit manuscripts previously published by or currently under review at other venues.*
- Scope of the literature review: mental health as it related to online engagement, social media and gaming use
- [The Path to Hedonic Information System Use Addiction: A Process Model in the Context of Social Networking Sites](#)
 - Goal: differentiate our work from this paper
- How to find good references:
 - 1. Is this reference directly in scope
 - 2. Unsure
 - 3. Out of scope
- Reference on stress online, anxiety online: data related evidence that shows being online induces stress
 - [“Unsettles science of social media”](#)

To do:

- Update meeting minutes
- Go through references for [The Path to Hedonic Information System Use Addiction: A Process Model in the Context of Social Networking Sites](#)
 - Update Zotero based on relevant references
- Go through references for book *Anxious Generation*
 - Update Zotero based on relevant references
- Clarify literature review scope (in reference to the proposal)
